MILENIS HOME CARE

Pediatric Home Care Funding Checklist

A practical guide for families exploring ways to fund private pediatric home care.

Start Here

[ ] Review your child's current care needs, schedule gaps, and family priorities.

[ ] Ask your pediatrician or treating provider whether documentation of medical necessity is appropriate for any benefit or reimbursement pathway you plan to use.

[ ] Review insurance policies, HSA/FSA balances, trusts, settlement structures, and available family resources.

[ ] If a Special Needs Trust, settlement, or guardianship arrangement is involved, coordinate with the trustee, attorney, or authorized representative.

[ ] Explore reputable disease-specific or community grant programs that may support respite or family care needs.

[ ] Contact Milenis Home Care to build a care schedule and determine the appropriate billing or payment arrangement.

Funding Options to Review

Funding option	Questions to ask	Review
Long-Term Care / Eligible Insurance Benefits	Does the policy include in-home or custodial-care benefits? What documentation is required?	[ ]
Special Needs Trust	Can the trust pay a care agency directly? Is trustee approval required?	[ ]
HSA / FSA	Are the specific services eligible under your plan and applicable tax rules?	[ ]
Structured Settlement / Annuity	Can scheduled distributions be coordinated with recurring care expenses?	[ ]
Charitable / Respite Grants	Does the program fund home care or respite? Does it require an approved provider?	[ ]
Pediatric Micro-Grants	Are there local or diagnosis-specific grants for short-term family support?	[ ]

Other Resources Some Families Consider

Crowdfunding, life-insurance cash value or living-benefit provisions, and personal lending or home-equity options can sometimes be used by families. These choices can carry financial, tax, or long-term consequences and should be evaluated carefully with the appropriate adviser.

What Milenis Can Provide

[ ] A clear estimate of scheduled home-care costs.

[ ] Itemized invoices and service documentation appropriate to Milenis' non-medical home-care scope.

[ ] Coordination with an authorized responsible party, trustee, attorney, or funding administrator when appropriate.

[ ] Flexible weekly or biweekly billing options according to the Client Agreement.

Important

Funding eligibility is not guaranteed. Benefits, tax treatment, trust distributions, grant rules, and reimbursement requirements vary by plan and individual circumstances. Milenis Home Care does not provide legal, tax, insurance, or financial advice. Confirm eligibility with the applicable plan administrator, trustee, attorney, tax professional, insurer, or grant program.
